26 Plough Way, Andover,  
Asking Price £375,000

#### PROPERTY DESCRIPTION BY Mr Ross Beeden

Graham & Co are delighted to offer to the market this detached family home situated on the popular Augusta Park development. Plough Way is a private road situated on the fringes of the development which overlooks the green from the garden. The property itself boasts over 1400sqft of accommodation which includes cloakroom, living room, study/dining room, conservatory, kitchen/dining room, four bedrooms, en-suite shower room, family bathroom, enclosed rear garden, and a garage. Early viewings are strongly recommended as the property further benefits from no onward chain.

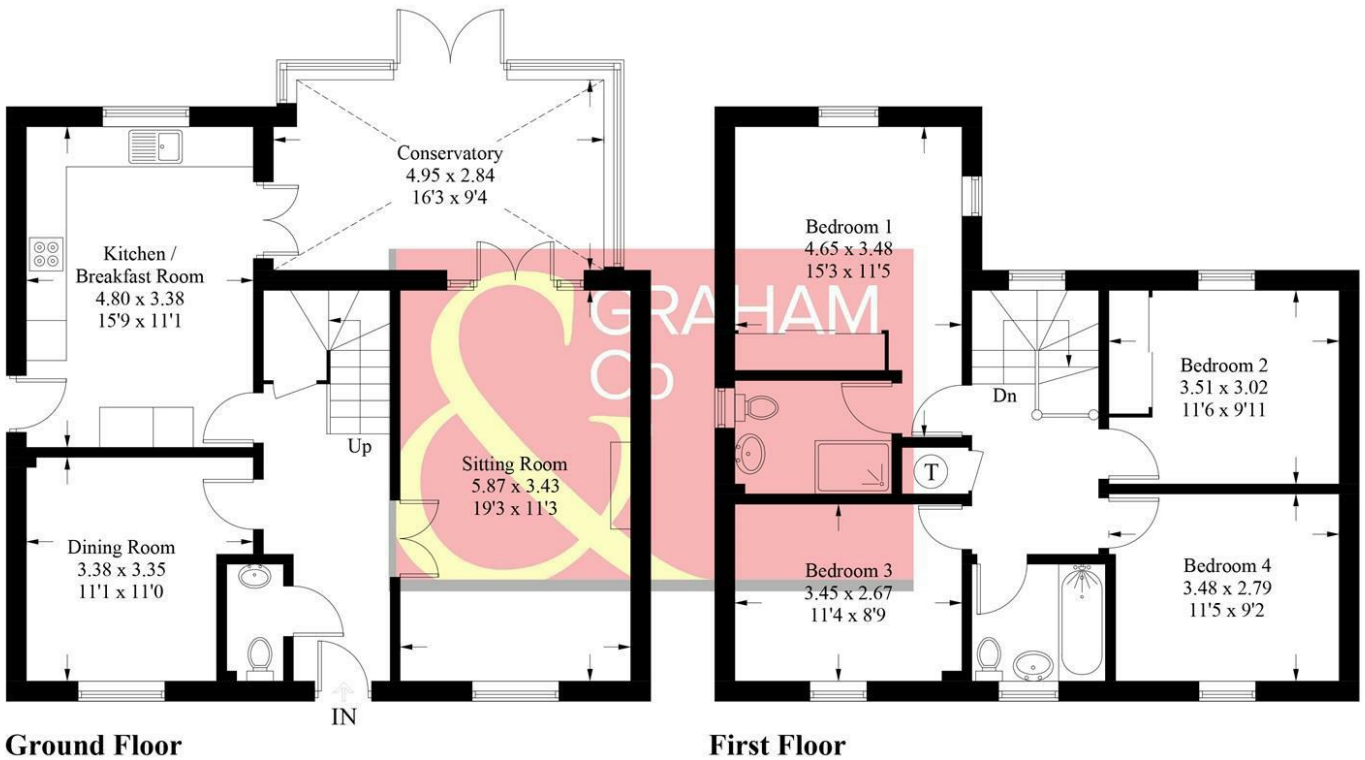

Augusta Park has history woven into its fabric with old flint farm walls from East Anton's time as farmland forming part of a major regeneration programme to this already well-established and bustling Hampshire town. This is an area with its own rich history. Andover is the location of a major crossing point of two important Roman roads: the Portway from Winchester to Marlborough, and the Icknield Way, which runs past Augusta Park on its way between Salisbury and Silchester. The actual site of the crossroads is very close to the development, but excavations in 1970, while revealing many Roman remains, failed to find the exact location. Now the area is a growing and welcoming community with a community centre, sports pavilion and the Endeavour Primary School already open, together with planned shops and village 'local area'. You will feel you belong from the start in a home tailored to modern living set amongst acres of beautifully landscaped open spaces, parks and play areas. Not wanting to travel too far for groceries? Then the brand new Co-op opened in April 2018 is on the doorstep located in East Anton Farm Road, along with the recently opened pizza takeaway for those not wanting to cook. Please note that as with most modern housing developments, this property may have a minimal yearly "estate charge". Please ask for further information.
